

Divine Spirit,
My Goddess, my God,
My Lady, my Lord,
My Mother, my Father,
Hear this, the prayer of your child.
Fill my body, my mind, my heart, my soul and my spirit
With the Light of Your Love
And the Power of Your Truth.

Blessed Mother, Queen of Heaven,
Called through the Ages by a thousand Names,
Your ancient song still echoes in the empty halls of my Heart.
Heed now the call of your child.

Lady, I open myself to You
As a flower opens to the rays of the morning sun,
With all my Love and all my Trust
As I have done so many times in so many lives.
Fill me now with your Essence,
With Love and Compassion,
Wisdom and Understanding,
Honor and Humility,
Strength and Courage,
Clarity and Truth,
Power and Healing,
Light and Goodness,
Grace and Beauty.

Divine Mother, Queen of Heaven
Hear my prayer.
